

PNG TOLL-FREE SOLUTIONS

TOLL-FREE

The Toll-Free Solutions offered by PowerNet Global are high-quality, feature-rich services that allow businesses a simple way to enhance their inbound call management while extending their geographic boundaries to create new business opportunities.

With PNG, businesses can select which Toll-Free Solution best meets their needs. PNG offers the following Toll-Free service options:

- Switched - terminates over the public switched telephone network
- Dedicated - operates from a physical circuit provided by PNG
- SIP Origination - routes TDM calls via IP to the customer's equipment

By taking advantage of PNG's Toll-Free Solutions, customers will benefit from using one of the most advanced network structures in the industry.

KEY FEATURES:

- Project account code tracking*
- New or ported numbers
- 24x7 NOC support
- Enhanced routing features available

* for Dedicated or Switched Toll-Free
