

Significant Savings

World Class Support

High Quality Service

Digital Phone @ Home

Connecting You with Family and Friends

Replace your local phone line for less with PowerNet Global's Digital Phone @ Home service.

Unlike many of our competitors, we don't try to sell you more than you need and we don't require you to sign a contract. We offer high-quality calling with premium features in three simple service plans that allow you to select the package that best suits you and your lifestyle. Whether you want to talk to family across town or friends across the globe, we have the right plan for you.

All you need to have Digital Phone @ Home is a touchtone phone, broadband Internet connection, and a phone adapter that we provide you with upon signing up for the service. It's that easy, that fast, and costs less than landline phone service. It's everything you could want in a phone service and more.

Serving the telecom industry for nearly two decades, PowerNet Global has the experience and expertise you want in a service provider. We blend high-quality communication services with unmatched support so you can go about your business and leave the details to us.
